

Birch, Ford Promoted At HomeTown Bank

Elizabeth Birch
Assistant Vice President

Avery Ford
Assistant Vice President

HomeTown Bank has promoted Elizabeth Birch and Avery Ford to Assistant Vice President.

Birch, who has fifteen years of banking experience, joined the HomeTown Bank staff five years ago in the New Accounts department at the Galveston Main Bank. She has been on the bank's annual United Way Campaign Committee since joining the HomeTown Team, and currently chairs the committee.

"I have never been happier in my career," she said. "Our community bank atmosphere is all about taking care of customers and helping them with their needs. I do my best to learn each customer's face and call them by name. My passion is helping all customers, but I especially like helping young people opening their first accounts and teaching them how to use its features and how to start saving, too."

Ford has been with HomeTown Bank for six years, first as a Teller and then as a New Accounts Representative at the Friendswood Downtown Branch. She has twelve years of experience in banking.

"I've enjoyed working in the same community where I was raised, creating new connections as well as maintaining old ones. Working for HomeTown Bank has been such a great learning experience with great people."
